

Features of agricultural education systems taking into account the agro-cultural characteristics of the Republic of Uzbekistan

Speaker:

Alisher Tillaev

A composite image showing a green combine harvester on the left and a yellow John Deere tractor on the right, both in a field of green crops. The background features a sunset sky with a bright sun on the right horizon. A vertical black line is positioned to the left of the text.

AGRICULTURAL SECTOR OF THE REPUBLIC OF UZBEKISTAN

Main tasks and functions

- Implementation of a unified state policy in the field of agriculture and food security
- Implementation of measures for the widespread implementation of the cluster model of agribusiness
- Assistance in the implementation of investment projects for the creation and development of clusters in agricultural sectors;
- Ensuring, on a systematic basis, close integration of education, science and agricultural production, training, retraining and advanced training of personnel, taking into account the current and future needs of agricultural sectors for highly qualified specialized specialists.

A photograph of agricultural machinery, including a green combine harvester and a yellow John Deere tractor, working in a field of green crops. The scene is set against a sunset sky with a bright sun on the right. A vertical black line is positioned on the left side of the image, partially overlapping the text.

Reforms and innovations in agricultural education

State policy in agricultural education

30.07.2020 - the decree of the President of the Republic of Uzbekistan "On measures for further improvement of the system of agrarian education" is issued

Within the framework of the resolution it is established:

- Step-by-step introduction of a credit-modular system of education in the areas of bachelor's degree in agricultural education.
- Independent approval by higher educational institutions of the agrarian sphere of curricula and programs on subjects of joint educational programs created in cooperation with foreign higher educational institutions in coordination with foreign partners
- Halving, by way of exception, the size of a paid contract for foreign citizens

**The impact of the
current reforms on the
activities of NRU
"TIAME"**
